FIGHTING RESUMED

**A Squadron of Russian Cavalry
Attacked Japanese in Neigh-
borhood of Litiatun.**

THEY WERE SEVERELY REPULSED.

**The Japs Made a General Attack on
the East Fortified Ridge at
Port Arthur.**

**Galleries Running North of Keekwan
Forts Were Captured After Des-
perate Fighting—Japanese
Casualties 1,000.**

Gen. Kuroki's Headquarters, Nov. 15, via Fusan.—A squadron of Russian cavalry Saturday afternoon attacked the Japanese in the neighborhood of Litiatun. The Russians were so severely repulsed that at dusk were still gathering up their dead and wounded. There has not been any other change at the front.

Before Port Arthur, Nov. 4, via Fusan, Nov. 15.—By a general attack on the east fortified ridge on October 30 the Japanese gained the moats of the principal forts assailed. These were wider, deeper and stronger than had been supposed and were defended by caponeers or galleries running north of the Keekwan forts. The galleries were captured after desperate fighting underground.

The Russians still hold parts of the moats but the Japanese are engaged in sapping to dislodge them, after which the capture of the forts should be easy.

The casualties on the Japanese side in this engagement were 1,000.

Before Port Arthur, Undated, via Fusan, Nov. 15.—The casualties in the attack of the Japanese on the eastern fortified ridge on October 30 were 1,500. It was an unsuccessful assault. The powerful East Keekwan fort was gained but the Russians were reinforced and drove the Japanese down to the foot of the hill. The Japanese are now sapping toward the crest of the hill. The capture of this fort would give the Japanese the key to the eastern fortified range, as artillery mounted there would dominate the forts in front of the ridge and enable the Japanese to place infantry in a position to sweep the ridge.

Tokio, Nov. 15.—The emperor presided at an extended conference of the military and navy staff in the palace Monday. While the proceedings were secret, it is understood that plans were discussed for dealing with the Russian second Pacific squadron when it arrives in the far east.

Frequent Fights Between Patrols.

Gen. Kuropatkin's Headquarters, by Way of Mukden, Sunday, Nov. 13.—(Delayed in Transmission).—Frequent fights between the opposing patrols occurred to-day. The Russians, with heavy Howitzers and 6-inch gun batteries, shelled the Japanese trenches and gave the working parties little respite. Large numbers of Russian officers are arriving at the front to replace those who have fallen. The Russian army is realizing more fully day by day the enormous task involved in driving back the Japanese. Great hopes, however, are placed on the Russian second Pacific squadron. The troops are now better fed than at any previous period and the roads are in good condition enabling reinforcements to leave the trains at stations higher up the line and march to Mukden, thus relieving the pressure on the railroad.

THE NEW PEACE CONFERENCE.

**Austria-Hungary Favorable to the
Move and Will Be Represented.**

Vienna, Nov. 15.—Bethamy Storer, the American ambassador, visited the foreign office here and approached Count Goluchowski on the subject of an arbitration treaty between Austria and the United States. Count Goluchowski replied that his government would gladly discuss a proposition of that nature and said that Austria-Hungary was now negotiating similar treaties with other powers.

Mr. Storer also presented Secretary Hay's note regarding the proposed new peace conference. Count Goluchowski said he was already acquainted with America's proposition and that the ambassador might inform his government that Austria-Hungary agreed entirely in principle with America upon the subject and would certainly be represented at the conference.

Publicly Canned a Dentist.

Poughkeepsie, N. Y., Nov. 15.—W. G. Connolly, an electrical contractor, who came to this city from Lexington, Ky., two years ago, publicly canned Dr. H. L. B. Ryder, a well-known dentist, on Market street, Monday evening. Connolly accuses the doctor of having destroyed his happiness.

THE BEREA COLLEGE CASE.

**Hon. John G. Carlisle Argued on a De-
murrer in the Circuit Court.**

Nicholasville, Ky., Nov. 15.—In the circuit court Monday Hon. John G. Carlisle was present and argued on a demurrer of the Madison county circuit court in the indictment against the Berea college in Madison county to prohibit the teaching of white and colored pupils. Mr. Carlisle held that the indictment, brought on the strength of the Day bill, was in conflict with the 14th amendment of the constitution of the United States. The Day bill was passed by the legislature last winter. The author of the bill was Carl B. Day, of Breathitt county. The commonwealth and state authorities contend that the Day bill was properly enacted by the legislature and was a law and constitutional. Mr. Carlisle was accompanied by Hon. Guy W. Mallory, of Cincinnati, and Maj. G. T. Burnam, trustee, of Richmond, Ky. At the conclusion of arguments by Carlisle both sides agreed to have demurrer filed and leave was asked and granted to be given to December 20 to file briefs, the case to come up for trial at the February term of the Madison circuit court. At present Berea is teaching only white pupils, but at the beginning of the school enough colored pupils were enrolled to violate the Day law and to issue the writ. After court Mr. Carlisle was warmly met by old friends whom he had not seen for 30 years, when he was making the race for lieutenant governor of this, his native state.

THANKSGIVING DAY.

**A Proclamation Issued By the Gov-
ernor of Kentucky.**

Frankfort, Ky., Nov. 15.—Gov. Beckham Monday issued the following Thanksgiving proclamation:

"Commonwealth of Kentucky, Executive Department: Following the action of the president of the United States, I fix Thursday, November 24, as the day of thanksgiving and prayer throughout the commonwealth of Kentucky. I request that upon that day all of our people shall refrain from their business and worldly cares, and by charitable and religious deeds show their gratitude to Almighty God for His many blessings and bounties to us.

"In testimony whereof I have hereunto set my hand and caused the great seal of the commonwealth to be affixed. Done at Frankfort this 14th day of November, 1904, and in the 119th year of the commonwealth.

JOHN C. W. BECKHAM.

By the governor.

"H. V. McChesney, Secretary of State."

ELECTION OFFICERS RESTRAINED

**Believed 54 Votes Had Been Left Off
Certificate Illegally.**

Cynthiana, Ky., Nov. 15.—In the circuit court Monday morning Judge Pryor issued an order restraining the county election commissioners from certifying the vote of the county until the court hears a petition of Judge Bennett, asking that the commissioners be compelled to count the 54 Bennett votes in the Lair precinct. The officers left this vote off the certificate, but issued duplicates which the democratic election commissioners refused to consider. The mandamus will be decided November 21.

FARMER WAS KILLED.

**A Stick of Dynamite in His Pocket
Was Exploded.**

Middleburg, Ky., Nov. 15.—In Cumberland county, Judson Smith, a farmer, lost his life by an explosion of dynamite. He had a stick of dynamite in his pocket when he went out to the barn to feed the stock. Shortly afterward an explosion was heard and when the family reached the barn they found Smith dead and his clothes on fire. The stock in the barn was killed and the barn was burned. A widow and four small children survive.

Suit For Back Taxes.

Lexington, Ky., Nov. 15.—In the Fayette county court Judge Bullock decided that to try a suit for five years' back taxes on six and a half million dollars' worth of personal property owned by J. B. Haggin, in this county, it was necessary to serve the summons personally on him. Haggin is supposed to be in New York. Until he returns it can not be served. The suit is brought for the state by a state revenue agent.

Mrs. Harkness Ill.

Lexington, Ky., Nov. 15.—Mr. and Mrs. L. V. Harkness, of Walnut Hall stock farm fame, have gone to their home in Pasadena, Cal., on account of the ill health of Mrs. Harkness. The couple, with a retinue of servants and a physician, left in the Harkness private car.

JAPANESE PRINCE.

**The Adopted Brother of the
Emperor Arrives at the
National Capital.**

MET AT DEPOT BY A DELEGATION.

**Assistant Secretary of State Peirce
and Col. Symonds Will Act as
the Prince's Aide.**

**At 10 O'Clock Tuesday Morning His
Highness, in Full Uniform, Was
Presented to the President of
the United States.**

Washington, Nov. 15.—Prince Fushimi, the adopted brother of the emperor of Japan, arrived in Washington Monday afternoon and assumed for the first time since his arrival in this country his official personality as prince of the royal house of Japan. He was met at the station by the third assistant secretary of state, Mr. Peirce, who as the personal representative of the president, bade him welcome to this country. Mr. Hioki, the first secretary of the Japanese legation and in the absence of the minister, the charge d'affaires presented to the prince at the station Baron Kaneko, who is visiting in this country and Mr. Peirce and Col. Symonds, U. S. A., who will act as the prince's honorary military aide. The prince thanked them for their cordial welcome and expressed the satisfaction he felt at being in the United States. A procession was then formed outside the car, and Secretary Peirce led the way with the prince on his arm.

There was a small crowd in the station but no particular demonstration was made. The prince and party were driven to the Arlington hotel, where they will stay while in Washington. Preceding the procession of carriages were four mounted policemen and surrounding the prince and the members of his party were bicycle policemen. In another carriage rode Chief Wilkie, of the secret service, and several members of his staff.

The program for the entertainment of the prince began Tuesday at 10 o'clock when he was presented to the president. The prince will wear his full uniform when calling at the white house and the state department, but will wear civilian dress when calling on the foreign ambassadors. The president will return the call of Prince Fushimi Tuesday afternoon at 3 o'clock. On Wednesday Assistant Secretary Loomis will give a luncheon in honor of the prince at the New Willard hotel.

The invitation of Count Cassini, the Russian ambassador who is dean of the diplomatic corps, Mr. Aspiroz, the Mexican ambassador, will act as dean during the visit of the prince.

NAVAL TRAINING STATION.

**Capt. Charles M. Thomas Has Intro-
duced a New System.**

Newport, R. I., Nov. 15.—Capt. Chas. M. Thomas, in charge of the government training station here, has introduced a new system for training boys for the navy in eight months. The plan is expected to overcome much of the difficulty experienced by the navy in getting full crews for vessels. Capt. Thomas proposes to give the boys eight months of thorough instructions in seamanship and gunnery at the station and also to send them on short cruises. At the end of eight months they are to be rated as ordinary seamen.

CARDINAL MECENNI DEAD.

**He Succumbed to Heart Disease in
the Vatican Monday.**

Rome, Nov. 15.—Cardinal Mecenini, who was administrator of the apostolic palace under Pope Leo XIII, died at the Vatican of heart disease while consistory was in progress Monday. Dr. Papponi, who attended the cardinal until the last moment, went to the apartment of the pope to prepare him for the sad news, fearing that it might have a bad effect on him. The pontiff has not yet quite recovered from his recent illness.

Representative of Emperor William.

New York, Nov. 15.—Gen. Alfred von Lowenfeld, general adjutant of Emperor William's military staff, and Maj. Count von Schmettow, imperial adjutant general, who are to represent the emperor at the unveiling of the statue of Frederick the Great in Washington November 19, arrived here on the steamer Hamburg.

Owensboro, Ky., Nov. 15.—The body of Noble Poole, the noted Negro miser of Ohio county, was found in his home at Fordsville. He had died in his chair. His skull had been crushed by a blow from a hammer.

FRANCOIS AIRSHIP.

**An Accident Brought the Test Flight
to a Termination.**

St. Louis, Nov. 15.—An accident brought the test flight of the Francois airship to an abrupt termination Monday, after the flying machine had been in the air 15 minutes, during which its dirigibility was not satisfactorily demonstrated, owing, the inventor said, to the absence of the rudder.

The ascension was made at the end of a rope and it was announced that the principle object of the flight was to test the balance of the carriage and to ascertain whether the airship could be guided by means of the fans, or propellers, without the use of the rudder.

The car, which weighs 3,100 pounds, and has accommodations for four persons, is driven by fans revolved by a 28 horsepower motor. An immense gas bag, 150 feet long, 35 feet wide at the center and tapering to blunt ends, with a capacity of 65,000 cubic feet of hydrogen gas in the lifting power. It is said to be capable of carrying 4,000 pounds.

IT WAS ACCEPTED.

**Commissioner of Pensions Ware Tends
His Resignation.**

Washington, Nov. 15.—Commissioner of Pensions Ware Monday tendered his resignation to the president and it was accepted to take effect January 1. For at least one year it has been definitely known that Mr. Ware would retire from his office soon after the fall elections and return to his home in Kansas to resume his law practice. It is believed here that Commissioner Ware's action was not due to any suggestion that the severance of his relations with the pension office would be agreeable to the president. On the contrary, it has been no secret that Commissioner Ware soon after assuming his duties found the duties of his office distasteful to him and that this distaste steadily increased. There is no intimation as to who his successor will be.

FIRE IN KNOXVILLE.

**The Lawson-McGhee Building Guttered
at a Loss of \$54,000.**

Knoxville, Tenn., Nov. 15.—The Lawson-McGhee library, a three-story brick structure at the corner of Gay street and Vine avenue, was gutted by fire Monday afternoon. On the ground floor of the building was a double store occupied by the Vance Furniture Co. The second floor was devoted to the public library, containing about 15,000 volumes and the offices of the Commercial club. On the third floor was the Knoxville business college. The fire originated in the basement from the furnace. Capt. Joseph Frazer, of Engine Company No. 1, and Capt. James Jones, of Engine Company No. 2, were overcome by smoke. Verner Miller, a volunteer, was crippled for life by falling glass, his right hand being nearly severed from his arm.

OHIO STATE UNIVERSITY.

**The United States Supreme Court Ren-
ders An Important Decision.**

Washington, Nov. 15.—Replying to questions in the case of Maria F. Thomas and George Folsom against the board of trustees of the Ohio state university, the supreme court of the United States in an opinion delivered Monday by Justice Harlan, held that under the decisions of the Ohio state supreme court the board is not a corporation in the sense that it may sue and be sued as a citizen of Ohio in the circuit court of the United States. The case grows out of a suit by Mrs. Thomas to compel a partition of lands claimed by her and Folsom and held by the trustees.

RUNAWAY ACCIDENT.

**Man and Wife Killed While on the
Way to Purchase a Coffin.**

Appleton, Wis., Nov. 15.—Mr. and Mrs. John Hurst, of Hayton, Wis., were accidentally killed in a runaway accident while driving to Chilton to purchase a coffin for James Raleigh, who was burned to death in a fire on Saturday. Mrs. Hurst was impaled on a picket fence and her husband was thrown to the ground with such violence that death followed in a few hours.

American Federation of Labor Meets.

San Francisco, Nov. 15.—The American Federation of Labor met Monday in Lyric hall in its 24th annual convention. Delegates from every part of the United States and representatives from Porto Rico, England and Canada were present.

Will Have a Banquet.

Calletsburg, Ky., Nov. 15.—A banquet will be given at the courthouse here Thursday, November 17, in honor of the opening of slack water navigation on the Big Sandy river. A large attendance is expected.

GALE ON THE COAST

**Most Complete Tie-Up of Wire
Communication in the East-
ern States Since 1888.**

TROLLEY LINES WERE PARALYZED

**The Timely Warning of the Approach-
ing Hurricane Probably Prevented
Many Disasters at Sea.**

**Wet Snow Broke Down Every Tele-
phone and Telegraph Wire in Al-
bany, N. Y., and Half the City
Was in Darkness.**

New York, Nov. 15.—The storm which swept up through the Atlantic coast states from the gulf Sunday and Monday night developing into a gale of hurricane force as it moved northward, resulted in the most complete tie up of wire communication that the eastern states have experienced since the memorable snow storm of 1888, disarranged train schedules, paralyzed trolley lines and piled several wrecks along the coast. A down pour of rain and heavy snow which accompanied the storm added to the destructive force of the gale. Telephone and telegraph poles, borne down by the weight of snow and ice encrusted wires, gave way before the sweep of the wind and whole sections were cut off. Both the telegraph companies and the telephone companies with long distance wires Monday reported their fields of operations restricted to the territory bounded on the west by Philadelphia, on the east by Boston and on the north by Newburgh, N. Y. The big brokerage concerns in Wall street, many of whom under normal conditions operate thousands of miles of wire, Monday found themselves practically helpless.

The general breaking down of wires was almost entirely responsible for trouble on the railroads. The movement of trains could not be reported and delays extending into hours in many cases were reported.

That no more disasters at sea resulted from the gale probably was due to the early warning of the approaching hurricane sent out by the weather bureau. Bulletins sent out Saturday afternoon told of the gale that would sweep the coast and cautioned all mariners against leaving port.

Albany, N. Y., Isolated.

Albany, N. Y., Nov. 15.—Wet snow that fell Monday broke down every telephone and telegraph wire in this city and vicinity. At 10 o'clock Sunday night more than half the city was in darkness from interrupted light circuits. The fire alarm service was so crippled that special precautions were taken by the police to give warning in case of fire. The snow was not over four inches deep, but so heavy that trolley traffic was greatly hampered and trains entering the city averaged an hour late.

For nearly 24 hours neither by telegraph or telephone was communication possible with any point further than Cohoes, eight miles outside the city. Wires are down all over the city.

Communication Paralyzed.

Portland, Me., Nov. 15.—Communication in Maine, east of Portland, was completely paralyzed by the storm shortly after midnight and had not been re-established at 9:30 a. m. There was neither a telephone nor telegraph wire to any point east. In this city all street electric lights were in darkness after 11 p. m.

Boston, Nov. 15.—Shortly before 10 o'clock Monday a badly working cable brought information to Woods Hole from Tarpaun Cove that Capt. Nelson and three men, comprising the crew of the Arcularius, which struck on a rock Sunday night, were safe at the government lighthouse. The schooner was full of water and breaking up.
